Planning Commission October 25, 2018

- Mayfield Rd corridor project, discussion

Chairman Adams called the meeting to order at 7:02 pm.
Members present: Randy Bowling, Dan Ivins, Ashley King, Daniel Monroe.

Mayfield Rd corridor study – discussion-

The following bullet points were discussed:

- Chairman Adams does not think road dividers will work on Mayfield Rd
- Chairman Adams stated that he does not think business taxing themselves will work; Mr. Bowling explained how the special improvement taxing works; businesses would have to be 80% of property owners agreeing to it; there are some benefits to having for the owners such as trash removal
- There was short discussion on p49, special improvement district such as Cedar Center; this is not something the city would set up, would be voted on by business owners
- Mr. Ivins discussed road diets; he looked up some info and study said if road has 15,000 drivers or more a day, could be a problem to have dividers in road especially for ambulances sitting in traffic
- Mr. Bowling does not think dividers are good idea for South Euclid
- Road diet may be more feasible on Green Rd.
- Ms. King stated that she has no feedback at this time for planning and zoning – not at stage yet for this body to give feedback
- Mr. Monroe discussed the idea of burying utilities, should prioritize for the May Green area. May open more room and would be aesthetically better.
- Mr. Monroe also had a general comment that this study is to be used as a tool to start thinking about priorities when time comes for changes
- There was discussion on bus stop shelter placement and future transit plans, pg 62 and also on trash can placement which is an important topic per Chairman Adams

Chairman Adams made motion to approve October 11, 2018, Planning Commission minutes. Mr. Bowling seconded. All ayes. (5-0-0)

Chairman Adams made motion to close October 25, 2018, Planning Commission meeting. Ms. King seconded. All ayes. (5-0-0).

Meeting adjourned: 7:32 pm.
