

Styrofoam Recycling

Eliminate expensive disposal fees by recycling your Styrofoam™ at Buckeye Industries.

If you're tired of spending money to dispose of Styrofoam, Buckeye Industries has the answer – recycle it! Not only does recycling eliminate expensive disposal fees but it also helps the environment by being an alternative to landfills. And all you have to do is deliver it – we do the rest.

Our professional crew, which is comprised of individuals with disabilities that live in our community, starts by sorting the Styrofoam (only EPS 6) to remove all contaminants such as tape, paper, plastic, etc. It is then placed into our state-of-the-art recycling equipment that condenses it into heavy bricks of compressed material. This material is then shipped to buyers who reprocess it into new products, such as picture frames and crown molding. These products are on local retailers' shelves thus creating an environmentally beneficial circle of sustainability.

This creates new jobs in your area for persons with disabilities. It also removes from landfills a material that has an incredibly slow decomposition rate and takes up huge amounts of space.

Call to schedule a time to deliver your Styrofoam to our Eastlake facility that is conveniently located right off Rt. 2. **There is no charge to your business for our service.** Main service areas include Cuyahoga, Lake, Ashtabula and Geauga counties.

Satisfied suppliers keep coming back.

Buckeye Industries is proud of its diverse array of satisfied suppliers in industries, such as chemical, appliance, digital TV, furniture, manufacturing, office equipment supply and retail. Read about how we have helped companies reduce costs, go green and help their community.

"Recycling our Styrofoam with Buckeye Industries has benefited our organization on many levels. We have saved money from the elimination of the expensive disposal fees we once paid, have increased our efforts in the area of environmental responsibility and are helping provide employment to a segment of the community who are often left behind in terms of employment and social inclusion – individuals who are developmentally disabled. It has been a win-win for us."

—Vince Kotewicz
Warehouse Manager, Digital Dish

Offering needed services to the community as well as training and employment to individuals with disabilities is the main mission of Buckeye Industries. Buckeye Industries is a business enterprise of New Avenues to Independence, an organization that provides services, programs and opportunities to this segment of our community. Document destruction, janitorial services and outsourced production are other services offered at our two other locations. Our clients and the business community both benefit from this unique partnership.

Start going green now by recycling your Styrofoam. Contact Kent Coleman, Project Manager, at Buckeye Industries today for more information on how your organization can become a part of this ecologically innovative and socially beneficial program — 440-942-1605, cell 419-239-6155, kcoleman@newavenues.net.
