

CLE

CIVIC
LEADERSHIP
INSTITUTE

The need for an informed, engaged civic leadership to address the issues of this region has never been greater. To help address this need, the Cleveland Leadership Center has built the **Civic Leadership Institute** – an educational program series that exposes participants, in a short period, to a comprehensive view of our region’s social, economic, business and political issues.

EDUCATE • CONNECT • ENGAGE

- Essential civic knowledge from people who know
- Personal and professional benefits
- Community leaders as faculty
- Convenient times/location
- Meet East Side business/community leaders
- Connect to 3000 + civic leaders (CLC alumni)

Program attendees participate in a series of six sessions (90 minutes each) over several months. Each session is a building block and provides incremental learning from the prior session. Individuals who are involved in civic matters at the highest level lead the sessions, which include networking, keynote presentation, question and answer and small group discussions.

CLE SCHEDULE
