All judgments shall error on the side of the residents of South Euclid.</i></p>	<p>This change will help ensure the interests of South Euclid will be protected from conflicts. It will also reduce mailing expense.</p>	<p>Withdrawn by Fiorelli 2-2. Low priority. CRC will be mindful of dates do regardless.</p>
<p>4. Gelfand Throughout</p>	<p>Currently, throughout the charter, pronouns refer to the male gender, e.g., "he", "him." I want to change the language of the charter to reflect gender neutral pronouns, or where possible, to eliminate the pronoun. E.g., replace "he" with "he or she", or replace "he" with "the Mayor."</p>		
<p>5. Gelfand Article 5 Section 7</p>	<p>Civil Service Commission. Currently, Mayor appoints all 3 members. I want to change this to the Mayor appointing 2 and Council appointing 1. Alternatively, the Mayor continues to appoint all 3 but add "with advice and consent of City Council."</p>

		2. Promotes good government and transparency.	
21. Icove Article V –Administrative Departments and Commissions.	The Service Director, Building Commissioner, Housing Manager, and Economic Development Manager are nominated by the Mayor, and take office upon confirmation by Council. There is no reconfirmation process.	1. Institutes a needed system of checks and balances between the executive and legislative branches of government, which almost all other municipalities in our County now have in place. 2. Promotes good government and transparency.	
22. Romeo Article II – The Council Section 1. Powers, Number and Term	With the reduction in population, is it time to also reduce the size of City Council. Can we reduce the size to: 2 Council at Large and 3 Ward Councilpersons?	Rational: The population of South Euclid has reduced in the last 10 years, do we still need seven council persons to represent approximately 23,000 people?	Combined with #30 per Moe 2-2-15. 22 and 30 are similar
23. Romeo Article II – The Council Section 2. Qualifications	No member of Council shall hold any other public office or public employment during his term in office excepting the office of Notary Public and membership in the National Guard or Reserve Corps and the office of Precinct Committee Person. Council shall be the judge of the election and qualifications of its members.	Rational: A councilperson should be dedicated to serving our council on all matters and not be concerned that having public employment in another city will have any influence on any decisions that person has to make for the benefit of our residents.	Combined with #31 per Moe 2-2-15. 1, 23, and 31 are similar.
24. Romeo Article III – The Mayor Section 1. Qualifications and Term of office.	The chief executive power shall be vested in a Mayor, who shall be an elector of the City and shall have resided in the City continuously for a period of at least (5) five years immediately preceding his election.	Rational: It is my belief that a person running for Mayor should have lived in our city long enough to go through an election cycle and not be part of that cycle.	
25. Romeo Article III – The Mayor Section 1. Qualifications and Term of office.	The Mayor should be able to have the ability to have private employment and engage in private business if the Mayor’s salary has reached the cap. (This suggestion requires the review and establishment of salary caps for all non-union employees. Salary caps are not in place today and would have to be set in ordinance to allow	Rational: If the salary cap is met, the employee should be given the opportunity to seek additional income if necessary.

	for private employment or private business if the cap has been reached).		
26. Romeo Article V – Administrative Departments and Commissions: Section 1. General Provisions	Remove sentences regarding the approval of the Law Director by City Council. Law Director and other directors serve at the pleasure of the Mayor and should not be approved by City Council. City Council can recommend removal of a director by resolution based upon inability to perform the functions of that department.	Rational: The department heads serve at the pleasure of the Mayor and thus the Mayor has the ability to hire and fire as necessary. Council approval is not necessary and has become a burden.	8 and 26 effect the law director
27. Romeo Article VII – Nominations and Elections: Section 2 – Run-Off Election for Mayor and Judge	In the event that no candidate for Mayor or Judge receives a majority of the votes cast for that office, there shall be a run-off election held on the first Tuesday in December between the two candidates receiving the highest number of votes cast for that office.	Rational: The offices of Mayor and Judge are responsible for the majority of the responsibilities of our city. It is my opinion that both should be elected by a majority of 51 % of the voters.	Combined with #33 per Moe 2-2-15. 27 and 33 are similar
28. Romeo Article XI-A – Charter Review Commission	(Second Paragraph at the end) – Each member of the Charter Review Commission shall be a qualified elector of the City, shall have resided continuously therein for not less than three years next preceding his election and shall continue to reside therein during his term in office.	Rational: Charter Review Commission members should be aware of what impact the City Charter has had on the community to help make a rational review and decision regarding the charter. Being a resident for three years would hopefully allow a member to be well informed regarding the charter.	
29. Romeo Article XV – Trash Collection Tax	Remove this Article from the Charter. It should be replaced with an ordinance that provides the ability for the Council to place a Trash Collection Tax on the ballot for residents to vote.	Rational: Leaving this Article on the charter will eventually cause the City to be unable to raise revenue to fund future trash collection and cause the City to eventually cut the responsibility of the city to support the collection of trash. Private haulers will have to be found and provided to the residents to collect the trash and recycle.	Combined with #32 per Moe 2-2-15. 29 and 32 are similar

		<p>we have seen used in other communities such as those listed below thus causing a health, safety and welfare issue in our city.</p>	<p>should be removed from a Charter Amendment form and the language should be placed into Ordinance form (1) Residential Rubbish service affects public health. City Leaders need to be able to legislate Rubbish Service at all times not just every 10 years. (2) with a focus to Regionalize, Partner and Collaborate City Services in order to keep costs down -having Rubbish Service in a Charter Amendment verses an Ordinance form of legislation hinders the process of a Multiple Community Joint Service - we currently have different collaborations with other police, fire, animal service and housing departments. We need to have a community discussion on the issue Of Charter Amendments verses Ordinances to allow for more flexibility when dealing with services related to the Health, Safety and Welfare of the community.</p>

<p>34. Welo New article</p>	<p>The Charter Review Commission may also want to consider an Amendment that states at what population figure and or budgeted dollar amount the court needs to be merged with another regional court such as the Lyndhurst Court that currently services all the Hillcrest areas except for the City of South Euclid. South Euclid Municipal Courts increasing normal costs to do business will not be able to be sustained in the near future. Currently the Lyndhurst Court returns all fines to the municipalities – the Hillcrest communities pay nothing to the court as it runs on the court fees and special fees collected. The City of South Euclid’s dwindling revenues and shrinking population will make having a stand-alone court impossible in the future.</p> <p>Add an Article to deal with the chance we can no longer fund our own stand-alone Municipal Court.</p>
