The Future of Mayfield & Green  
South Euclid Lyndhurst Library  
1876 S Green Rd., South Euclid, Ohio 44121

The intersection of Mayfield & Green is the heart of South Euclid, but for too long the downtown district has not received the attention it deserves. A strategic plan for its future needed to be written. A vision of what it could achieve needed to be drawn. Earlier this year, the City and [One South Euclid](#) worked with the urban growth firm [YARD & Company](#) to craft that scenario, and you're invited to help bring it to fruition. Join us as we reveal the plan to the public and share the immediate steps we are taking to revitalize downtown South Euclid.
