

Who are we... ...and who are *they*?

Join us for a free forum
about our generational
differences and
commonalities from Baby Boomers to
Gen Z'ers!

Our Community is made up of people of all ages, encompassing several generations: Traditionalists, Baby Boomers, GenX'ers, Millenials and GenZ'ers - and each generation has their own beliefs, values, worldviews and gifts.

Join us as we explore the social, cultural and economic factors that shape the generations present in our world and community today, and gain increased understanding and appreciation for the similarities and differences present across the generational spectrum.
